3) Computer Service Tag C2WMMN2 (May 2018)	4years old
4) Computer Service Tag C2JQMN2 (May 2018)	4 years old
5) Computer Service Tag 49X3632 (Mar 2015)	7 years old
6) Computer Service Tag 1W382G3 (Aug 2021)	1 year old
7) Computer Service Tag 1W0J2G3 (Aug 2021)	1 year old
8) Computer Service Tag 1W382G3 (Aug 2021)	1 year old
9) Computer Service Tag 1VSJ2G3 (Aug 2021) *circulation computer*	1 year old
10) Computer Service Tag 9YRTW12 (2014) *office computer*	8 years old

Replacement Plan: The plan calls for the replacement of our Dell computers every three to four years according to NEKLS guidelines. To accomplish this goal, the Library has created a replacement plan replacement schedule. This timetable should be periodically reviewed by the director and board to maintain a smooth replacement schedule, and to be updated as needed. Therefore, to begin the Library Director proposes as an example of the rotation that we replace computers 2,3,5 in 2023. Computers 4,10 in 2024, and computers 1,6,7 in 2025 And so, we would strive to keep on replacing them (based on age) at a base rate of an average of three computers per year in the following years, or up to 4 at a time if funds allow.
